

Everstead Heavy Duty Motor Oil SAE 30 (Mono-Grade)

Product Data Sheet (PDS)

Product Description

Everstead SAE 30 Heavy Duty Motor Oil is a premium mono-grade oil designed for older diesel and gasoline engines, stationary power units, and off-road equipment requiring straight-weight lubrication. It offers strong wear protection, oxidation resistance, and deposit control for reliable operation in severe conditions.

Applications

- Legacy diesel and gasoline engines without modern emission systems
- Construction, mining, and agricultural equipment
- Stationary engines and compressors
- Applications requiring API CF, CF-2, or SG performance levels

Benefits

- Excellent wear protection under high-load conditions
- Strong oxidation and thermal stability
- Controls sludge and varnish deposits
- Reliable performance in older and off-road equipment

Typical Properties

Property	SAE 30
Viscosity, cSt @ 40°C	104.7
Viscosity, cSt @ 100°C	11.5
Viscosity Index	103
Flash Point (COC), °C	228
Pour Point, °C	-24
TBN, mg KOH/g	3.6
Sulfated Ash, wt%	0.9

Compliance & Packaging

Everstead SAE 30 Heavy Duty Motor Oil meets or exceeds API CF/CF-2 and SG requirements. Available in 55-gallon drums, totes, and bulk packaging.
